

Long Haul For Long-Distance Highway Driving

High Removal Mileage // Low Rolling Resistance // Even Wear // Optimal Retreadability

Engineered for your application. Tires for Long Haul use are designed for straight line, on-highway driving, distributing freight from state to state across great distances. Tires are optimized for high removal miles and fuel efficiency.

IMPORTANT NOTE: Tire Products are now classified by route. Product details are subject to change, please visit our website or contact your local sales representative for the most up to date information.
