TUBELESS TIRES ON 15 DEGREE DROP CENTER RIMS

Note: Rim listed first is the measuring rim. Minimum Dual Spacing calculated without chains. ≥ Exceeding the lawful speed limit is neither recommended nor endorsed. Overall widths will change 0.1 inch (2.5 mm) for each 1/4 inch change in rim width. Minimum dual spacing should be adjusted accordingly. Continental Tire the Americas, LLC reserves the right to change product specifications at any time without notice or obligations. Please consult rim manufacturers load and inflation limits. Never exceed rim manufacturers limits without permission of component manufacturer.

Features & Benefits

Deep 32/32” tread with cut/chip resistant tread provides excellent traction in off-road conditions.

Patented innovative groove technology leads to minimum stone retention, extending casing life.

Sidewall profile with curb rib reduces damage from curbing, cuts and abrasions.

This product is Mud + Snow Certified.

Applications: Logging, mining, construction and other aggressive, off-road traction needs.
