Note: Rim listed first is the measuring rim. Minimum Dual Spacing calculated without chains. Exceeding the lawful speed limit is neither recommended nor endorsed. Overall widths will change 0.1 inch (2.5 mm) for each 1/4 inch change in rim width. Minimum dual spacing should be adjusted accordingly. Continental Tire the Americas, LLC reserves the right to change product specifications at any time without notice or obligations. Please consult rim manufacturers load and inflation limits. Never exceed rim manufacturers limits without permission of component manufacturer.

Features & Benefits

Multi-service tread compound for local and long haul service.

Offset center tread blocks provide excellent all weather traction.

Tapered tread grooves reduce stone retention for long casing life and multiple retreads.

Applications: Drive position, short and long haul. On/off highway service.
