ContiConnect® Yard Reader Testimonial – Transport Services

Extending Tire Life and Improving Service
Levels with ContiConnect® Yard Reader

As the Director of Maintenance for Venezia Transport, Bob DeAngelo was frustrated with increased downtime caused by unexpected tire concerns, as were key Venezia clients, since excess downtime led to missed delivery windows.

Now that ContiConnect® Yard Reader monitors his fleet of 750 tractors and 1,500 trailers, Bob and his clients don't have to worry.

“The ContiConnect® Yard Reader gives Venezia the ability to quickly show our customers that we have implemented a solution to ensure on-time deliveries.”

– Bob DeAngelo, Director of Maintenance, Venezia Transport

The Future

After greatly reducing their labor spend and downtime, Venezia will continue to add more ContiConnect® Yard Readers to new terminals and appreciates being able to purchase intelligent tires directly from Continental.

“ Continental was able to provide a solution that we could use to target our terminals that had the highest outside spend on tires and service. ”
— Bob DeAngelo

ZERO
unscheduled maintenance calls to date since installation.

36 MONTHS
Trailer tire lifespan increase from 24 months

“ The system paid for itself the moment it was plugged in. ”
— Bob DeAngelo
